Dear Mrs. Letsios,

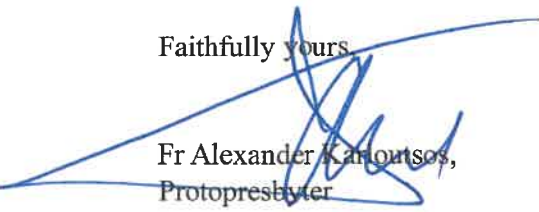

On behalf of the Greek Orthodox Church of the Hamptons, I am honored and pleased to inform you that our Parish has decided to award you with The School of Athens Humanitarian Award. Some of the previous recipients of this Award have been former Secretary of State Mike Pompeo, Admiral James Stavridis, the Southampton Police Department and the Southampton Hospital.

This Humanitarian Award is given to our fellow citizens who exemplify the best of our national and local communities by giving of their time, talent and treasure to benefit both their fellow neighbors and neighborhoods. Kia of Huntington, under your inspiring leadership, has touched the lives of many and improved the quality of life for neighbors and neighborhoods throughout Long Island's East End. Your generosity to The Retreat, The Salvation Army, Seleni, Long Island Cares and Blue Dream are just some of the great causes and programs you have supported. Such generosity and support is not simply worthy of our gratitude, but must be honored because you set an example of philanthropy for our common humanity.

I have asked the Reverend Father Constantine Lazarakis to contact your office at Kia of Huntington so we can schedule a time and date to present you personally with our Humanitarian Award. There will be a Reception to follow in our Muses Cultural Center as well.

Again, please accept my heartfelt congratulations on receiving this most prestigious Award and my deepest thanks for all that you and Kia of Huntington do, to make this world a better place for us all.

Faithfully yours,

Fr Alexander Karloutsos,
Protopresbyter
